The next Chapter 80 meeting is Noon Tuesday, Nov. 15 at the Out O Town Club or via Zoom.

Chairman's Corner

It's almost time for the November meeting. It is a meeting you are going to want to try to make in person. More on that below.

National SBE Strategic Planning

The national SBE is starting a strategic planning process and want to include the entire membership. You should have received an email inviting you to fill out an online survey to help start the process of what the SBE should focus on in the coming years. In case you did not receive the email, you can participate in the survey by clicking on this link to the [online survey](#). (If the link isn't working, try holding down the ctrl key when clicking on the link).

Upcoming Webinars

This month has a couple of webinars that should be of huge interest. Especially the second one on cybersecurity. Just a week ago a cyber attack hit several airports around the country on the same day. Good security and backups are what stations need to rely on today.

FCC Compliance: Preparing Your Station for a Violation-Free New Year

November 10, 2022 | 2 p.m. ET

This webinar will look-ahead to the compliance issues that broadcast engineers should think about as the calendar turns to 2023, including EAS, technical record keeping, station identification, tower lighting and marking, C-band dish reimbursement, license accuracy, online public inspection files, and more. Instructors: Steve Hartzell, Patrick Cross

Cybersecurity 2023

A FREE Webinar

December 20, 2022 | 2 p.m. ET

Cybersecurity continues to be a top-of-mind concern for the broadcast IT engineer. The continuous cat-and-mouse game between the cybercriminal and those responsible for providing reliable and secure broadcast IT systems never ends. Threats evolve over time and threat precautions must also evolve.

Instructor: Wayne Pecena, CPBE, 8-VSB, AMD, ATSC3, DRB, CBNE

Elections are Upcoming

The best way to help SBE Chapter 80 become an even stronger tool for you takes your help. Consider stepping into a board position for 2023. Or consider nominating someone you think would be a good addition to the board. We will be taking nominations at the meeting this month.

Chapter 80 November Meeting

The program for this months meeting is someone we are all familiar with, Steve Konopka.

Steve will be sharing his experiences at the WBAY TX site over the past 47 years, including some passages from an old log book he found on the site. While remote attendees can enjoy his stories, people at the Out O Town Club will be able to look at a log book he will be bringing as well.

If you are unable to attend in person, you can join us via Zoom:
