There will be no meeting this month due to the annual WBA Summer Conference.

Chairman's Corner

June Means No Meeting

As is typically the case for Chapter 80, we do not have a meeting this month scheduled. The reason? The third Tuesday of June is usually close to the WBA Media Technology Institute. Since scheduling in summer is already tough, I want to encourage all of our members to attend the Media Technology Institute. Many of our members are more than just attendees. They are also presenting at the event. You can look at the full schedule of events here:

Nominations for the SBE National Board are Open Through July 1

Nominations are open for candidates to run for the national SBE Board of Directors through July 1st. Qualified members may run for a director seat or for an officer position. There are six director seats open this year. Nominations must be in writing and be endorsed by ten voting SBE members. Nominations are made to SBE Secretary Kevin Trueblood at ktrueblood@fgcu.edu. Nominees must be voting members in good standing (dues paid) and hold an SBE engineering-level certification. Anyone whose nomination comes from the membership will be added to the ballot along with the slate of candidates submitted by the national Nominations Committee.

A Photogenic Chapter 80 Member?

I know I am a bit biased on this bit of news. Have you had a chance to see the cover of Radio World? One of our members made the cover! Congrats to Andy Disterhaft.

Best of Show winners, Franken FMs, apps for radio technology

BY RW STAFF

PUBLISHED: JUNE 8, 2022

Visitors to the floor of the spring NAB Show saw evidence that manufacturers have not been idle in the years since the pandemic hit. In this issue we feature the winners of the Radio World "Best of Show."

Are FM6 stations just a regulatory end run? Or do they provide a true local radio service? Maybe both? James O'Neal concludes his three-part Radio World series about the next generation of Franken stations. The topic is also on the FCC's meeting agenda this month.

And apps for radio technology – products for your phone or laptop from Burk, ENCO, RCS, Tieline, WinMedia, Comrex and Telos Alliance.
