The next SBE Chapter 80 meeting is Tuesday November 15th at the Out O Town Club.

Chapter 80 Chairman's Corner October 2022

I want to apologize for the delay in getting this month's newsletter out. I am the delay. (I wonder if this sounds familiar to anyone else)?

I was hoping to wait until the last minute to get the Chairman's Corner out so that we could get you a last-minute reminder that, as usual, there won't be a meeting this month. We typically don't have a meeting out of respect for your time. I know you have limited time to spend on further education. I hope you had a chance, earlier this month, to get to the WBA Broadcaster's Clinic. I've heard nothing but good feedback from those who could attend.

If you weren't able to, there are still other opportunities to increase your knowledge courtesy of the SBE.

Upcoming Webinars

The next two SBE Webinars are:

Introduction to Successful Troubleshooting – Taking the Next Step – Module 2 -
Thursday, October 20, 2022 | 2 p.m. ET

The webinar will be a continuation of Module 1 with different troubleshooting scenarios. Each scenario demonstrates use of the troubleshooting process and will continue to utilize soft skills and techniques to take the next step and solve real-world problems encountered on the job. Participate in solving the presented problem scenarios by choosing the next troubleshooting step to take to fix the problem.

Instructor: Dan Fogel, the Founder and Former CEO of DNF Controls

Repair or Replace: Evolving Technology
Thursday, October 27, 2022 | 2 p.m. ET

With supply chain problems colliding with shrinking technical staffs, now more than ever we're doing the arithmetic to determine whether it makes sense to repair, replace, or upgrade. Sometimes the answers are surprising! Join Magnum Media's Group Director of Engineering Chris Tarr CPBE, DRB, AMD, CBNE for a discussion about the low- and high-level discussions and decisions that factor in to the final answer.

Instructor: Chris Tarr, CPBE, DRB, AMD, CBNE, Group Director of Engineering, Magnum Media

Next Certification Deadline is Coming Up

In case you are considering an SBE Certification, the next open examination window is:

Exam date: February 3-13, 2023

Location: Local Chapters

Application Deadline: January 6, 2023

SBE Completes the First In-Person Meeting Since 2019

The SBE held its 2022 National Meeting in conjunction with the SBE22 Broadcast and Technology Expo in Liverpool, NY. The SBE National Meeting included a meeting of the Board of Directors, a meeting of the Certification Committee, a gathering of all the SBE Fellows for breakfast, the annual Membership Meeting and the Awards Dinner. Check the SBE YouTube channel to view a replay of the Membership Meeting.

Elections are Upcoming

The best way to help SBE Chapter 80 become an even stronger tool for you takes your help. Consider stepping into a board position for 2023. Or consider nominating someone you think would be a good addition to the board. Elections are just ahead.

No Chapter 80 October Meeting This Month

Again, no meeting this month. But November will still be on the third Tuesday of the month. I look forward to seeing you November 15th.

Marty Jury
Chapter 80 Chairman
